

**Manhattan-Ogden USD 383  
Manhattan, Kansas**

**Home Language Survey**

The US Department of Education **requires** that Manhattan-Ogden USD 383 determine the number of children attending school who live in homes where a language other than English is spoken. Federal law also requires that Manhattan-Ogden USD 383 test the English proficiency of all children who live in homes where a language other than English is spoken within 30 days of their enrollment. The information on this survey also provides the basis for Federal Title III funding for the school district that provide testing, English language education for PK-12 students, curriculum materials and ESOL professional development for Manhattan-Ogden USD 383 teachers and staff. The information on this form will not be released without your written approval.
