

II Educational Testing Program (See JR et seq.)

II

The district educational testing program shall consist of multiple assessments. These assessments shall include, as a minimum, individual teacher subject matter tests, district group achievement tests, and state required tests.

Test Integrity

The board requires all licensed staff members to protect the integrity of the student assessment process. Honest administration of the test and accurate reporting of student achievement to the board, the community and the state of Kansas is necessary to maintain accountability measures. All students and staff are required to maintain a high level of integrity in the administration and completion of student assessments.

Reporting Test Results

The superintendent shall report annually in writing to the board the results of the district's academic achievement testing program. State required test results shall be disaggregated as required by current regulation and shall be reported annually to the board, district patrons and the State Board of Education.

Use and Dissemination of Assessment Results

Under no circumstances will the results of any individual or group assessment as defined in these policies be given to unauthorized people. When interpreting individual or group assessment results, staff members will use great care so as not to identify any individual. Generalized results of group assessments may be given to parents and other authorized persons in the
