

Creating a Special Needs Financial Plan

Tuesday, September 17th at 7:00p.m.
Eisenhower Middle School, 800 Walters Dr,
Manhattan, KS 66502

This brief workshop covers SSI & SSDI, Medicaid & Waivers, ABLI accounts, special needs trusts, and other important considerations to help family members better understand how planning for a child with special needs is different legally & financially. Debbie Niemann, mom to 15-year-old daughter, Cecilia, who has cerebral palsy, understands the mentality of living one day at a time, but this approach falls short when it comes to providing a financially secure future and desired quality of life. Debbie is a financial advisor with Northwestern Mutual and has her Chartered Special Needs Consultant designation through the American College and MBA from the University of Nebraska-Omaha.
